Keeping Up - -

With Uplanders

TURKEY REMAINS

Yes, we are still eating turkey . . . and glad of it.

That is, the left overs. White meat, dark meat, big pieces and little pieces, are all piled in a dish together and placed in the center of the table at our house.

I don't know what Emily Post says about it but I know one good way to enjoy the left-overs is to sit relaxed at the table and nibble at a piece of turkey like you nibble at a stalk of celery. With a piece of turkey in one hand and in the other a piece of hot toast, buttered generously, I can really take care of the old bird.

An occasional dab of boysenberry jam added to the toast and the turkey adds more variety.

ONE MORE DAY

Instead of the usual 365 days in a year, next year has one more day. February 29 will be with us and a few local people will get to celebrate their birthday anniversary in 1952 because of that additional day.

We are going to compile a list of local people with Feb. 29 anniversaries if we get enough cooperation. Hospital records can help, but we want people to tell us if they know of someone whose anniversary will occur Feb. 29, 1952.

ONE CENT FOR 12c

Effective Jan. 1 the usual one-cent postal card will cost two cents—providing you don't buy more than 49 cards at one time. In buying the 50th card you pay 12 cents for it. Usually quantity purchases mean discounts but not so with Uncle Sam's two-cent cards.

Ten per cent is added on all purchases over 49 cards. In other words, 49 cards will cost 98 cents. Fifty cards will cost $1, plus 10 per cent or a total of $1.10.

And so the New Year will see the arrival of the nation's first two-cent postal card that will cost 12 cents.

BERT HUMBLE

Quiet in manner and always friendly, dependable and conscientious. Bert Humble will not tap out these letters on the linotype, a job he first did for us more than 20 years ago.

During his long and fine service as a linotype operator, he put more in type about Upland people than any other person. Big and little stories, personal items that tell of life and of death for his fellow citizens and stories of progress and development—all of these went into the printed record through Bert's nimble fingers.

The other day, however, the situation was reversed. Someone else was writing about Bert, about his illness and his death, which followed only a few days later.

We miss Bert. His place in the trade will be hard to fill.

Parent Grateful In Pinball Arrests

Appreciation for recent action of Upland police in confiscating pin ball machines was voiced by a local father, who did not identify himself, when he called the Upland police station this week.

He stated that his young son had become fascinated by the machines, and had been spending all of his money on them. The removal of this kind of temptation, he said, was something every parent will appreciate.

Boy Killed In Canyon Fall

Tragedy stepped into the picture during a happy holiday outing in San Antonio canyon the day before Christmas, to take the life of James Stives Jr., 13. The boy, son of James Alfred Stives, 239 South Laurel street, Brea slipped and fell on the steep mountain slope while hiking with several other youngsters and their Sunday school teacher, Donald L. Phillips also of Brea.

Mr. Phillips was seriously injured in trying to reach the youngster, when he too, slipped on the snowy incline and fell from a ledge on the canyon wall. Both he and the boy were brought to San Antonio Community hospital in a Brown's ambulance. The boy was dead upon arrival and his body was removed to Stone's Funeral Home.

Mr. Phillips was treated for abrasions and contusions of his chest, right hip and legs, and was hospitalized until Christmas day.

Funeral services for young Stives will be held from the McCauley-Stutters funeral home in Fullerton.

Livestock Ban In Residential Area

Upland zoning in residential areas does not permit the keeping of livestock. Mrs. Edward Middlecoff, 643 East Eleventh street, was so informed by Upland police, this week when neighbors complained about ducks in her yard. She was notified to get rid of the ducks.

Planners Meet This Evening

Upland planning commission will meet tonight, Thursday, for a routine consideration of requests for changes and variances in zoning.

Frances Felty will request a zone change at Foothill boulevard and Benson avenue in College Heights from agricultural to highway commercial. A variance recently was granted for that property to enable the placement there of an all-steel service station.

Variances sought include one for the erection of a four-room residence in the rear of 373 South First avenue, by C. R. Williams, and one from J. B. Hawk for property at 208 South Campus avenue.

Philip Park subdivision street naming also will be put up to the city planners.

FBI Course In Police Work Gives Diplomas

Diplomas were awarded police officers of Upland, Ontario, and Claremont, as well as several members of the California highway patrol last week following a streamlined two-week course on police procedure. Given under the auspices of the FBI, the instruction included nine classes, taught by J. L. Sullivan and Julian Blodgett, both of the federal bureau of investigation.

In order to qualify for a diploma, officers were required to attend eight out of the nine classes. A highlight of the school was the final day, Thursday, when students and instructors met at Upland city park for a demonstration in the apprehension of a moving car occupied by armed robbers. Participating policemen illustrated what they had learned, using a police car and one of the FBI cars for the simulated arrest.

Methods of self-protection and preservation, and examples of how much force may be used in apprehending a criminal were covered in the demonstration.

The course has been given at several points in the San Bernardino valley, but this is the first time it has been offered in Upland. It was offered at this time to permit new officers and all who had been unable to take it before, to avail themselves of the opportunity.

Diploma awarding ceremonies were held in the city court room with City manager Richard Manley making the presentation.

Block Wardens To Meet Here Jan. 14

Preliminary arrangements are being made for the important wardens' meeting here Jan. 14.

As the opening event in the 1952 civilian defense program here, all the local wardens are being summoned by Lewis R. Fuller, assistant civilian defense director, to a meeting in the Elementary school auditorium.

Detailed plans for the meeting will be announced next week by Mr. Fuller.

Attempts Suicide At Upland Park

Ned Robert Monet, 6315-C Arbuten avenue, Huntington Park, was listed as an attempted suicide December 23, after he was found unconscious in his car in Upland Park. He was removed to San Antonio Community hospital, where it was believed he would recover, although his condition was poor.

Bicycle Stolen Just Before Christmas

Somebody apparently wanted a bicycle for Christmas. A fine Schwinn, black and red, with chromium trim, was stolen from a garage at the home of Allan S. Barr, 627 Laurel avenue, it was reported to Upland police by Mrs. Barr last Thursday.

The license number is 2224.

Election Year Ahead As Local Terms Expire

Next year will be "election year" in Upland as well as throughout the nation.

Upland's municipal election will occur in April and soon afterwards there will be a county-wide election for most of the principal offices in the county government. The primaries in the summer and the final elections in November will complete the schedule.

Locally, interest always centers in the city council election and 1952 will see two terms expire, those of Mayor Eugene G. Nisbet and E. Tweed Stone.

Term of Judge Fred H. Jacobs as head of the local justice court, also expires. Outcome of the judge's election will be more significant than formerly because the justice court incumbent will also serve in the combined city-justice court when the two courts are consolidated in January, 1953. Judge Mildred R. Puckett is serving in the city court and this position will be vacated in the consolidation. The two judges may oppose each other for the local judicial position. Judge Jacobs has indicated he will be a candidate for reelection.

The term of Hazel Cassell, city clerk, also expires. She has requested a higher salary but the city council has deferred action until just prior to the spring balloting.

Terms of three county supervisors expire but Upland's representative, Will Mason, is not affected. His term runs until 1954.

Term of Sam D. Barker, constable, will also expire.

Dr., Mrs. Taylor Going to Claremont

Dr. and Mrs. Charles B. Taylor are moving to Claremont.

After residing in San Antonio Heights 17 years, they have purchased a home on West Third street, Claremont. They will be nearer their son, Richard Taylor, who is manager of the College Heights Orange and Lemon association.

As the result of Dr. Taylor's interests and activities in the heights, he became affectionately known to many people as the "mayor" of San Antonio Heights. He is a retired physician.

Naturalization Class Opens Next Month

Opportunity for all to prepare for citizenship is open in the English and naturalization classes offered by the Chaffey adult education department. These classes begin their winter term on January 2 in different areas of the Chaffey district.

Postal Report Shows Increase

Increase in business at the Upland post office was noted over the holiday season by Postmaster Dorothy Grier. She praised efforts of employes who worked long hours to keep the record load moving.

For December, including last Saturday's figures seperate pieces of mail to the Upland office was 11 per cent more that last year, and stamp sales exceeded last year by 26 per cent. The peak day December 17, was 25 per cent larger than last year's cancellations and stamps receipts. This year, she added, the rush started earlier allowing for speedier and better spread delivery.

Spill Smudge Pots In Malicious Act

A strange way to spend Christmas eve was in malicious mischief.

J. C. Baird, 230 East Fourteenth street, reported that someone had dumped more than 14 of his smudge pots, wasting 60 gallons of oil. He placed a loss of six to eight dollars.

Law Breakers Quiet Through Christmas Day

Upland police department spent a comparatively quiet Christmas with only minor infringements of the law requiring attention of officers. Intoxication, minor accidents, stray dogs and broken tree limbs comprised the bulk of emergencies.

Adrain Quezado was arrested and brought from his home at Cucamonga when a member of his family signed a report charging him with being intoxicated.

A lost wallet, belonging to Cpl. John C. Cugines was turned in to police by an unidentified finder. They notified March Field that the corporal's identification cards and the wallet will be held until called for.

Igor Kumets, 653 North Third avenue, reported that he had struck a parked car on Campus avenue between Fourth and Fifth streets in Ontario. Ontario police were notified.

Mrs. T. W. Lucksinger, 1652 Tapia Via came to the police station to report that she had found a small female mixed collie and would keep it until the owner claims it.

Ira Francisco, head of the Upland street department, had a call to remove a tree limb down on Euclid avenue, between Seventh and Eighth streets.

Mrs. Hazel Wise, 639 Pine street, stated that dogs were bothering her chickens, and officers were detailed to chase them away, and to find their owners and issue a warning.

Vincent J. Orantes, 28, possibly wanting to spend Christmas in a more festive place, escaped from the Etiwanda Road camp, between 11 a.m. and 1 p.m. A resident of Redlands, it was thought he may have gone home. Officers were told to be on the lookout for a light blue '46 Crosley sedan.

Skating Rink Opens Friday

Upland's roller skating rink will be opened Friday night after being closed several weeks for reconditioning. Rainy weather has delayed the opening and the Friday night reopening is set only on condition "weather permits," according to Lewis R. Fuller, recreation director.

Skating will be on the schedule every Friday night throughout the school year.

"I would suggest that every skater wear warm clothing and mittens," the Uplander added.

Skating will be from 7 to 10 p.m. and all arrangements are under direction of the recreation department. During nine months of the year skating will be offered at the rink in the city park Friday nights. During the summer months skating is scheduled Tuesday and Thursday nights.

The small admission fee goes toward paying cost of operation and maintenance of the skating rink.

393 New Houses in 1951

10-Year Period Sees Building Of 1,322 Dwellings In Upland

Total of 1,322 new houses have been erected in Upland during the last 10 years and nearly one-third of this total has been constructed during 1951, according to an analysis made in the office of Building Inspector Richard Derby. During 1951 permits have been issued for 393 new houses here.

The current year will close with an all-time record in the building department, the valuations being unofficially $3,092,695. This figure far exceeds the total of any previous year and the new residential construction has been an important factor in the record total.

While the 10-year figure was tabulated in the residential construction, the big home-building spurt has occured within the last three years. For the three years, 1949, 1950 and 1951, total of 695 new homes were erected here, more than the total of the previous seven years.

It is noticeable that during 1942 only five new houses were constructed.

Prizes Awarded in Yule Decoration Contest

Climaxing end of the first annual Upland chamber of commerce home decoration contest was awarding of prizes to three winners. Bob Frady, chamber president, at the extreme right, is shown awarding a $25 gift to Darwin Brest, whose house was judged winner.

Reading from left to right others in the picture are Mrs. Lillian Hilde, chamber secretary; Owen E. Atwood, third place winner and Mrs. Joe McCarthy, second place winner.

Prizes Awarded In Christmas Contest

Prizes were awarded in the chamber of commerce-sponsored Christmas decoration contest Monday, afternoon by Robert Frady, president of the organization. Fifty dollars was divided three ways with $25 going to Mr. and Mrs. Darwin Brest, 551 North Campus avenue; $15 to Mr. and Mrs. Joe McCarthy, 490 North Euclid avenue, and $10 to Mr. and Mrs. Owen Atwood, 607 North Euclid avenue.

This is the first time Upland has had a contest to encourage the decoration of homes. Results showed that repitition of the contest and resultant publicity doubtless will lead to many other residents entering the competition.

Judges reported there were dozens of beautifully decorated homes which they could not consider because requirements of the contest, including registration at the chamber of commerce office, had not been met.

"Upland has reason to be proud of the way its residents showed their Christmas spirit in decorating this year," Mr. Frandy said. "A drive through the city is a real inspiration."

He chauffered judges on a tour to homes entered in the conest last Friday evening. They judged the display at the Brest home as of first prize caliber. Tall candles are in the window, and the front door represents a huge Christmas package. On the roof is an elaborate scene depicting Santa Claus and his team, led by the modern Rudolph, the reindeer with the red nose. The entire arrangement is almost life size.

Mr. and Mrs. McCarthy, whose home is one of the show places of Euclid avenue, have entirely outlined the front of the colonial structure and its windows in lights. Through the windows may be seen an elaborate table display, and a decorated mantel reflected in a mirror. Mr. and Mrs. McCarthy announced they will turn their prize money over to Upland girl and boy scouts.

Mr. and Mrs. Atwood chose a religious theme for their decorations, reproducing an effect of a stained glass window featuring Mary and the Baby Jesus. A beautifully lighted Christmas tree completes the effect.

Also receiving praise for their artistry were Mr. and Mrs. H. G. Sherwin, 1441 North Euclid avenue, whose front window looks like a huge Christmas card. Mrs. George Braatz, 254 South Euclid avenue, for a candle arrangement in the window and Mrs. Clarence Reeder, for a Santa Claus theme.

Judges in the contest were Mrs. Frank Taylor, Ontario club woman; Kenneth Thornton, president of Chino chamber of commerce, and Ira H. Fox, retired Baptist minister of Cucamonga.

Wind Machines Lead In Permits

Winding up a year of building activity in Upland, permits were issued over the past week to eight local residents. Two wind machines were listed, while other permits were for repairs and alterations on existing buildings according to Richard Derby, Upland building inspector.

A wind machine valued at $3,575 will be erected by Edward F. Bartlett on West 19th street and one valued at $3,000 by Walter J. Bailey of 1369 West Ninth street.

Other permits issued are for a two car garage, value $500, to Arthur Swartzendruber, 623 East Eighth street; new roof on barn $200 to Brs. Van Natta Gregg, 1561 North Euclid avenue; addition of new garage, and conversion of existing attached garage into bedroom, $1000, to John G. Casenave, 354 South Third avenue; repair of termite damage, $164, to J. A. Betz, 506 North Eighth avenue; garage to be built in Mira Loma, $250, to C. Van Ness, 808 East Eighth street; and conversion of attached garage into bedroom, $100, to Eric Ketley, 609 Raymond street.

Mr. and Mrs. Floyd Blair, 449 East Ninth street, are enjoying a holiday visit from their son and daughter-in-law, Mr. and Mrs. Willard Blair, and their family, of Rock Island, Illinois, who are spending two weeks here. On Christmas day they also had as guests, their two other sons and their families, Donald Blair of Cucamonga and Dick Blair of Pomona.

Schools Open; New Semesters Follow Exams

Schools will open their doors again next Wednesday, January 2 ending one of the longest Christmas holidays on record. Two weeks and four days will have been enjoyed by students and teachers on vacation.

Students will resume their studies January 7 in most universities and colleges, following a gay round of parties and fun.

Immediately upon their return Chaffey high school and college classes will settle down to preparation for final examinations for the semester, which ends late in January. Exact date will be announced later.

Final examinations at Upland college also are looming, with the new semester starting about January 21.

Training Class For Sheriff Reserves To Start Soon

Advanced program of the sheriff's reserve training in San Bernardino county has been announced by Sheriff Eugene L. Mueller to start in January. In the West End, the 72-hour course of training will begin January 8 at the Sheriff's sub-station, 271 South Central avenue, Ontario. The class will be taught by Captain L. J. Liess from 7-9 p.m. on the first and third Tuesdays of each month.

This class follows the basic course of 36 hours which was completed in December. The advanced course will start in Fontana at the conclusion of the present basic course which meets the first and third Mondays of each month at the Fontana junior high school from 7:30-10:30 p.m.

Captain Liess announces that the second part of the San Bernardino county civil defense program course is organized to train an adequate sheriff's reserve of laymen for emergency.

Record Held In Holiday Fires

Upland has just celebrated its sixth consecutive year without a single fire at Christmas. Fire Chief Howard C. Paulin said today that it is his fervent hope that the record may be continued throughout the holiday period which ends January 2.

"At this time of year, with Christmas trees a potential danger in many homes, and with numerous public gatherings where unusual conditions of lighting and decoration exist, we are especially watchful," he said. "The terrible tragedy this year at Tijuana has made us particularly aware of our responsibilities."

Chief Paulin urged all Uplanders to take care in disposing of Christmas trees, and not to keep them until they are tinder dry. He asked too, that great care be exercised by all who give New Year's eve parties.

Fred Allen To Go On Trial In Pin Ball Case

Trial for Fred Allen of Fritz & Mary's cafe, 167 North Second avenue, arrested for illegal operation of a pin ball machine, has been set for Wednesday, January 9, in Judge Mildred Puckett's court. Allen has plead not guilty to charges that he illegally operated a pin ball machine in his cafe.

Also arrested on the same charge were Robert Lavoy of The Oasis, 153 North Second avenue, and Tony Beletrutti of Tony's, 103 North Second avenue. Confiscated were two machines at Fritz & Mary's, two at the Oasis, and one at Tony's.

Mr. Allen is out on $250 bail. Both Mr. Beletrutti and Mr. Lavoy have been placed on probation for a period of one year, following plea of guilty shortly after arrest. They were fined $250 each, with $100 suspended in each case.

The arrests and confiscation of the five machines were accomplished within a few minutes Thursday night following a carefully-mapped out program by Upland police. Chief Ralph H. Palmer, acting on tip-offs from several unidentified persons that machines were paying off in the local cafes, arranged for the county sheriff's department to send a plain-clothes man to assist in gathering evidence.

Answering the call was Undersheriff Deakin of the San Bernardino county sheriff's department, who sent Investigator Willis to assist in the case. Mr. Willis came to Upland December 19 to play the machines, and on the following night repeated his procedure. He reported that on both occasions all machines paid off, not only to him, but to other customers.

Chief Palmer then signed a complaint and a warrant was issued by Judge Puckett for the arrest of the owners of the machines.

Notices have been posted in public view on the front of all three cafes concerning the confiscation of the machines and intention to destroy. They have been removed to the Upland city yards.

Anti-Auction Law Proposed

First reading of a proposed law regulating local jewelry auctions, plans to modernize the city owned business building at 114 North Second avenue and decision to improve Salinas street marked the Upland city council meeting last week.

Since the average person is not qualified to analyze the value of jewelry, a proposed ordinance would place restrictions on auction sales featuring this merchandise. In addition to recording with the city clerk, a complete list of inventory with costs, the auctioneers would have to plainly label each item. A surety bond of $2,500 is also provided for, this money to benefit any person who may suffer damages through misrepresentation.

The proposed measure is a "model ordinance" used first in Oakland. It is reported to have withstood the test of court suits.

The proposed ordinance will be up for final consideration at the Jan. 3 city council meeting.

The building formerly occupied by the Southern Electrical Service, owned by the city, may be modernized at a cost of approximately $6,000. The structure is now vacant and is at present in a sub-standard condition. City Manager Richard G. Manley was authorized to determine possible demand for the property and to make preliminary arrangements to lease the property.

If Salinas street property owners will pay for cost of materials, the thoroughfare will be paved, according to council action. C. D. Doebler, spokesman for the group, is scheduled to contact all the residents.

Jet Engines In Chaffey Shops

Three jet engines of different types now in the Chaffey College aeronautics department are giving the 27 men of the advanced engine class up-to-the-minute training. This group represents the largest class in the engines since the Chaffey school was approved by the Civil Aeronautics administration, according to Fred Feisch, head of the department.

The newest jet is a one-ton-centrifugal type, 10-cylinder model of the kind used in F-80's and other single-engine jet planes. This is an American made jet. The two others owned by the department are one axial-flow German engine and one pulse jet the type used in the V-2 rocket in Germany, popularly known as the buzz bomb.

Seventeen of the group will qualify for graduation after completing their required hours and passing their examinations. Graduates will take the Civil Aeronautic examinations for their E license within one month after they receive their Chaffey certificates. Men who will receive their Chaffey certificates include Sam Tarro, Jesse Summers, and David Powell.

His place in my life can never be filled. And we know that is true of many others who knew Bert well.

CHRISTMAS THOUGHTS

It is getting more common to think of the welfare of others—all the year 'round. This Christmas season, as never before, it was apparent local people seemed to be thinking of others. Spirit of happiness was evident among the crowds in the stores and on the streets.

Getting more common also is the idea the Christmas spirit is practical and that an attitude of friendliness and helpfulness is timely day after day.

One of the main goals in life is happiness. And the happiest person is the one who helps others and seeks to make others happy. It is fitting, therefore, to capture the Christmas spirit that was so evident in the last seven days and use it every day in 1952.

Uncle Sam Says

They're hauling up a new flag beneath Old Glory in hundreds of American communities. It's a Treasury Department flag awarded to cities for special activity in selling U. S. Defense Bonds under the Payroll Savings Plan. Where 80 per cent or more of a town's business firms install the plan, the town becomes a Flag City, entitled to fly this special flag. Let's hope more and more towns get on this bandwagon. Employes who have the benefit of this plan are saving wisely and helping America to become strong.

Legion Children Party Held

Christmas was a time of shining eyes and happy hearts for parents and children of Post 73 of the American Legion. Their annual yuletide party was held Friday night in the clubhouse with a large group in attendance.

A beautifully decorated and lighted tree was the center of interest, its base covered with packages for the young guests. A program offered by the children themselves, followed games at which all were winners. Prizes were small wheel toys for the boys and purses filled with jacks for the girls. There were balloons galore.

Heard on the program were Claudia Ammons, who danced and sang; Nancy Dewey, who gave a recitation and song, Gene Dewey, who recited, and Roger and Cathie Davis, who sang a duet.

A moving picture show completed the evening's fun. It included two comedies featuring Abbott and Costello, and the memorable "Night Before Christmas." At the exact moment when St. Nicholas said, from, the screen, "Merry Christmas to all and to all a good night," lights flashed on and a real Santa Claus appeared by the tree to distribute gifts.

Children were then ushered into the dining room for cookies and hot chocolate.

Chairman of the party was Kenny Smith, with Mrs. William Murray heading women of the auxiliary, who provided the refreshments and decorated the tree.

Six members of the Beulah circle of the Woman's Society of Christian Service of the Upland Methodist church motored to San Pedro one day last week to take toys and Christmas decorations to the Homer Toberman settlement house there. They were shown over the premises, and on that day the cornerstone for a new wing was being laid. In the group were the Mesdames Harold J. Stickney, Harold Hamlin, Richard J. Hill, Ralph Mount, Dale Delozier and Anthony Barone.

Vet Hospitals Given Yule Treat

Heart-warming response of local individuals and organizations made possible a merry Christmas for the patents in veteran hospitals in this area. Mrs. Kendle Hill, chairman for the Upland Chapter of American Red Cross, this week, extended her thanks for help, mentioning particularly the outstanding efforts of employees of Garrett and Co. whose combined donation of money was greater than a total of all other assistance.

Money went to buy gifts for the patients, some of whom are confined to their beds and others of whom are ambulatory. An effort was made to purchase things which would offer amusement, such as cameras, books, games and other devices. Also wanted were small radios. The gifts were beautifully wrapped in Christmas paper, and distributed in time for Christmas.

Giving either money or gifts for the veterans' Christmas, in addition to the Garrett employes, were the following: Lions club, Business and Professional women, 20-30 club, Mrs. Wade Holden, Mrs. Gertrude Hall, Upland Women's club, Etiwanda service club, Cucamonga service club, Exchange club of Upland, Entre Nous, PEO chapter, Mrs. Settle, Miss Willamene Harnly, Mmes. Albert Powelson, Keith Koehler, Robert Blake, and Beecher Huntree stands ceiling high in the main waiting room. It is surmounted on a snow covered slope on which is an elaborate nativity scene, complete with wee figures including all of the animals in the age-old story of the Inn in Bethlehem. Lighting effects are what make the scene especially attractive.

Give Memorials To Library At Chaffey School

In memory of former teachers and students four memorials of special libraries have been given to the Chaffey Memorial library.

Miss Adaline Nyberg, head librarian, said that many of the collections are already in the library and committees are now selecting other volumes.

The Harold Wadsworth Memorial Library of Music was established by his friends after his death in October, 1949. The committee composed of Mrs. Leo A. Wadsworth, Mr. and Mrs. S. E. Blakeslee, and Miss Gretchen Lizer is selecting the books which will become the basic part of the library.

The special bookplate has been designed under the direction of John McNee, former head of the Chaffey College art department. Musical scores have already been added to the books, by Mrs. George T. Stamm who presented them to this special library with six volumes of Chopin Pianoforte Werke and 15 classical music scores. Mrs. L. W. Hoppe has presented 139 selected organ pieces, 70 solos for the organ and a group of other books.

The Verna Clapp Library book fund for the establishment of a special library was made by friends immediately after her death August 5 of this year. Miss Nyberg heads the committee for the selection of books for this library.

Books are being purchased for the Jaunita McLaughlin Library established by her friends in memory of the Chaffey senior killed in a bus accident October 7, 1949. Miss Gretchen Lizer is head of the committee to select drama books.

The John Wortley Booth memorial journalism library now lists more than 50 volumes. This library was given by Mrs. George Booth and Charles Booth in memory of Jack Booth, editor of the Chaffey United Press in 1943. The bookplate was specially designed by Richard Carson, student in the Chaffey College art department.

Uncle Sam Says

We're seeing the old year out this week. For those of us who've held on to our Defense Bonds, it was a prosperous year indeed. Help make 1952 a prosperous year by joining the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank. This time next year you can say to yourself, "I now own U. S. Defense Bonds. I've saved all that money, and I've helped Uncle Sam with it, too. Am I lucky!" But it won't be luck at all, just the application of common sense.

Rhyme and Reason

By Louise Meteer

Days are like pearls upon a silken strand;
I count them over, one by one;
The pattern only I may understand,
And God alone can say when I have done.
Three-hundred, sixty-five shall make each year;
Thus shall I carefully compose each part;
Until at last I lock each finished strand
Within the treasure chest that is my heart.

Ahead of us lies a bright New Year. For many the prospect bears little of joy in anticipation. The worries of each modern day, fraught with war, sky-rocketing cost of living, and the struggle for existence lead to the rather frightening question: What lies ahead for us?

It becomes more than ever necessary to live each day singly, and for itself, savoring the little things that make it precious.

Try rising in the morning in a spirit of anticipation for what the day will bring: a new friend; a lovely scene; new words or first steps for the baby. Start looking for the only things we have that make living worth its coin.

How little our eyes are accustomed to seeing what lies all around us. Out for a walk, we keep our gaze fastened to the line in the center of the sidewalk. How much better it were to look up to the trees.

Appreciation is a matter of contrasts. The old adage, "you never miss the water until the well runs dry," is the wisdom of the sages.

It takes a year on the desert to make you appreciate the grass of a spring-touched hill; it takes the fear of war to make you appreciate the blessedness of peace.

Look on each day in this coming year as a pearl upon a string of pearls. And remember, pearls are the natural result of an oyster's aggravation. He makes them through building up, bit by bit, a protective coating around the irritating substance lying almost under his skin.

If an oyster, lowest of the low in intelligence, can make a pearl out of a grain of sand, what poor creatures, indeed, are we who make so little use of our potentialities.

Services At First Church of Nazarene

Regular services will be held Sunday at the First Church of the Nazarene. The pastor, the Rev. W. E. Thompson, will be speaking on a theme in keeping with the close of the old year, "A Brief Retrospect."

Youth groups will meet at 6:30 p.m., and the evangelistic service will follow at 7:30.

On Monday evening a watch night service will be held from 10:30 p.m. to midnight, with the Ontario and Pomona churches cooperating. The Rev. Orval Nease, pastor of the Ontario Nazarene church, will bring the message, and the Pomona and Upland churches will furnish special music.
